WOODSTOCK

• SEMPER IUVENIS •

Immerse yourself in the magic of Woodstock with swirling forms and vivid colour combinations transporting you directly to the 1960s where rules were there to be broken. Tie-dye shirts, geometric prints, pastels, and polka dots were the rage, and the iconic music festival was a celebration of all the era represented. The bold floral motifs and psychedelic patterns encapsulate the spirit of those three days of music and love which changed the course of Rock and Roll forever.

The vivacity and courage of the counterculture generation shines through in this flamboyant collection on different formats such as wallpaper, fabric, furnishing and accessories. Representing freedom and the unconventional for many of us, the courageous theme is a revival of the Woodstock style, bringing touches of timeless bohemian beauty to the home. Instruments, Buddha silhouettes, and psychic symbols depict the spirit of the festival, transposing you to an era where many fought for love and peace.

Intrepidly loud bursts of colour give a sense of the bravery of anti-establishment movements and the fight against the narrow-minded norms of western society. Created with an appreciation for materials and comfort, the collection offers an attention to detail and authenticity. Hand-embroidered Suzani cushions and throws, Kantha blockprinted quilts, Anatolian hand-woven Kilims or Italian wool blankets are just a few of the collection highlights reflecting the wanderlust luxurious lifestyle of a rock star.

AUTHENTIC HAND-CRAFTED HOME GOODS
SILK-EMBROIDERED
CUSHIONS & BED RUNNER

Exuding artisanal flair through hand-crafted details and intricate organic forms, this silk embroidered collection displays traditional embroidered SUZANI patterns. Golden tones shimmer in a prominent motif with glistening blues, reds, and yellows, bringing an opulent, timeless feel.

Our Suzani cushions and bed covers are handmade by authentic artisans in Nurata, Uzbekistan. The process starts by drawing the intricate, colourful pattern onto the heavy cotton base. Common motifs include flowers, leaves and fruits, particularly the pomegranate which is a symbol for the Eastern-Asia culture. Silk threads are hand-dyed with natural pigments for an authentic look, getting ready to reveal gorgeous floral motifs on the portable looms. The meticulous hand-embroidery is perfected by the craftsmanship of the artisan who gives life to each unique cushion or bed cover.

To achieve a distinctive genuine effect and to get more softness, our Suzanis are passing through a hand wash finishing process. Each cushion or bed cover offers a sense of delicacy and genuine, providing a long-lasting delightful experience to your home.
