LA DOLCE VITA

THE ART OF ESCAPISM

The art of escapism

Let the warmth and joy of an Italian summer envelop you, as vivacious palettes, playful patterns, and hypnotising illustrations transport you to the historic palazzos of Venice and the dazzling coastlines of the Riviera. The diverse beauty seen in the country's landscape and architecture is portrayed across the La Dolce Vita collection, with its fabrics, wallpapers and accessories bringing a touch of Italian flair to a vast array of interior styles and schemes.

Cubist-inspired graphics, full of colour and drama, invite you to step into a world where fantasy takes over and wanderlust sets in, as the home transforms into a dreamlike setting. Floral decorations, retro designs, geometric outlines, and abstract animal prints pay homage to the verve and glamour of a fashion-forward nation, where style and grace exude.

Be it the coloured tiles of Amalfi, the rich florals of Giardino, or the luxurious tactility of sumptuous velvets, there is something for everyone. Find yourself lost in memories of warm summer evenings, where the sounds of street musicians and convivial gatherings float through the air, while the gentle breeze from the ocean fans the leaves of nearby palms and orange trees, enhancing the sweet scents of local flora and fauna.

Embracing this sweet life is a mindset that can be encouraged through the magical colours of this maximalist collection, with each print emanating energy and pizzazz. Merging heritage and authenticity with contemporary forms and colour combinations, the essence of Italy is brought directly into your home, wherever you are. This is escapism at its finest.
